WHO CAN WE BANK ON TO PROTECT OUR WATER?

WHICH CANDIDATE FOR CONGRESS WILL PROTECT THE SACRAMENTO RIVER DELTA AND THE WATER WE DRINK?

Who can we bank on to protect our waterways and our health? With so much misinformation out there in campaigns, we've provided you with just the facts so you can do your own research and decide for yourself.

DR. BERA

ISSUE

CONGRESSMAN LUNGREN

Supports the Clean Water Restoration Act, which will ensure a full cleanup of the Sacramento River.¹

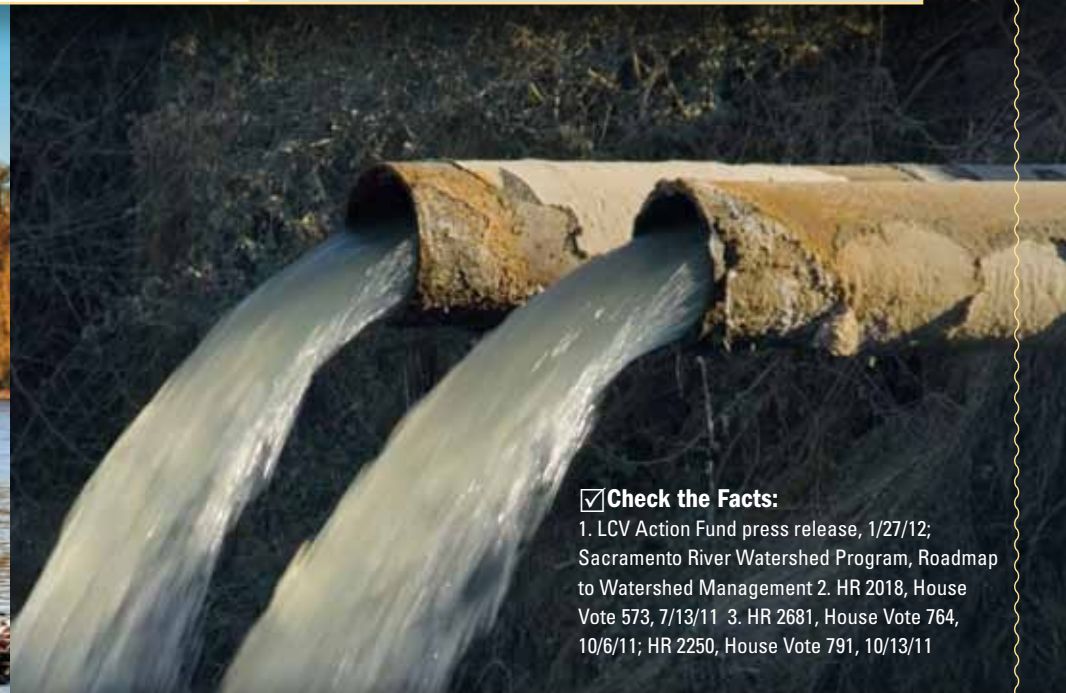

THE SACRAMENTO RIVER DELTA

Even though the Sacramento River Delta has been named America's most threatened waterway, Lungren voted against protecting it and others like it when he voted to dismantle the Clean Water Act.²

Believes in stringent testing and regulation of mercury emissions, as mercury is known to cause birth defects and even death.

MERCURY POLLUTION

Sided with big business against public health when he voted to prevent any regulation of mercury pollution caused by facilities like cement plants and industrial boilers.³

Check the Facts:

1. LCV Action Fund press release, 1/27/12; Sacramento River Watershed Program, Roadmap to Watershed Management 2. HR 2018, House Vote 573, 7/13/11 3. HR 2681, House Vote 764, 10/6/11; HR 2250, House Vote 791, 10/13/11

ON NOVEMBER 6TH OR BY MAIL,

VOTE FOR CLEAN WATER —

VOTE DR. AMI BERA FOR CONGRESS
