LINDA McMAHON

WORKING FOR THE TEA PARTY, NOT US

CUTTING EDUCATION

McMahon stated that she would consider **abolishing the Department of Education**, which helped keep 1,150 Connecticut teachers on the job and kept class sizes down.²

ENDANGERING OUR AIR AND WATER

McMahon would consider eliminating the Environmental Protection Agency, which is responsible for protecting our families' air and drinking water. Her dangerous proposal could **increase our exposure to air pollutants like mercury** that are responsible for thousands of premature deaths.³
