LINDA McMAHON'S EXTREME BUDGET

CHARGE SENIORS

\$6,400
MORE FOR MEDICARE

GIVE BIG OIL

\$2.3 BILLION
MORE IN TAX BREAKS

LINDA McMAHON

THE WRONG PRIORITIES FOR MIDDLE-CLASS FAMILIES

Instead of working for us, Linda McMahon would help the big oil companies.

MAKING SENIORS PAY MORE

McMahon is open to voting for a controversial budget that would end Medicare's guaranteed benefits. This extreme plan would require seniors to negotiate with insurance company bureaucrats and could force them to pay \$6,400 more per year for Medicare.¹

GIVING BIG OIL COMPANIES MORE TAX BREAKS

McMahon also proposed a tax plan that would give an additional \$2.3 billion in taxpayer-funded handouts to the five largest oil companies, including \$800 million for two foreign companies, even though big oil companies are already raking in record profits.²
