# Welcome to "George ALLEN'S ISLAND"

# George ALLEN

Shipwrecking our economy.  
Deserting American workers.

"Just sit right back and you'll hear the tale...

A tale of some fateful votes...

George Allen cast to ship our jobs,

On some overseas-bound boats."

**Too bad – it's not a TV sitcom.**

***It's real life.***

**George Allen voted to give \$ 39 billion in tax breaks to companies that ship jobs overseas.** (S. Amdt. 134, Senate Vote 90, 5/11/04)

He would make it easier for clean energy jobs to be created in China and other countries rather than in the U.S. (Richmond Times-Dispatch, 3/29/12; New York Times, 8/2/12)

He even supported giving China full access to U.S. markets— and now, China cheats, unfairly propping up their renewable energy companies and costing the U.S. thousands of clean energy jobs. (Richmond Times Dispatch, 10/29/00; Economic Policy Institute, 9/20/11)

**GEORGE ALLEN'S jobs plan. *Funny if it weren't so sad.***
