The George Allen Record: Tax breaks for **Big Oil. Big deficits for us.**

The big oil companies know that they can count on George Allen.

In Washington, time after time, George Allen gave them huge multi-billion dollar tax breaks.

Allen helped give away \$6 Billion to oil and gas companies in one bill. Another bill gave away \$13 Billion in tax breaks to energy companies. (HR 6, Senate Vote 456, 11/21/03; HR 6 Senate Vote 158, 6/28/05)

Even as our deficit explodes.

One bill that Allen supported was so generous to Big Oil, the media said it offered a “smorgasbord of benefits” to the energy industry. (Reuters, 11/23/03).

All of this at a time when the Big Oil companies were enjoying record profits, and Washington was piling up record deficits.

GEORGE ALLEN AND BIG OIL. Bigger tax giveaways. Bigger deficits.
